This supervision is only for the products listed above and is not for any other items or condiments sold in this store. Some of the condiments (sprinkles, etc.) may have other Hechsheirim, however it is the consumer's responsibility to check. The management has been strictly instructed to have separate designated scoopers for Non-Dairy Pareve Ices. In any case, do not hesitate to request that the server rinse the scoop under running cold water before ordering Pareve Ices.

My present certification is valid through January 1st 2025 - 1 Teves 5785
